## Organization

---

- a. Introduction
- b. Approval of minutes of meeting held 11th June 2011
  - a. Majorité (sans Armel-David Wolff)
- c. Approval of the Agenda
  - a. Majorité

## Administration

---

- a. Report for 2011 accounting
  - a. Club should play in the beginning of the year
  - b. Lausanne didnt pay. Not present also.

- c. In-Seong could give some of the Yunguseng money for projects. For instance, European Youth Tournament
- b. Approval of the accounting
  - a. Slight mistake in the accounting
  - b. Majorité (sans Armel-David Wolff)

## Points to discuss

---

- a. Activity Report
  - Discussion about the big goban in Geneva. Project to have a panel which explains the rules near the goban. Also,
  - World Pair Go Championship : Sandra tells it was hard, not much time. But it was a wonderful event !
  - Representative for WAGC was Felicien Mazille (3/8) and to KPMC was Benoit Felix (4/6 !)
  - Wintimesse Convention. Not really good because people move too much, they don't sit down. In Japanese Manga convention, it's great, many players come and play.
- b. Teaching Report (In-Seong)
  - Future. They want to settle in around September. If getting a Visa works out, they could stay in Switzerland for 5, 10 years. Disseminate Go to childrens. Study Go is really good for side effects with children (concentration, arithmetic, etc.). Documents who prove that are important to be able to teach Go to childrens in schools (show parents and teachers). Bring Go to schools, for their special projects for example.
  - Important also to set up one good method to teach Go. Train people to teach Go.
  - Train top go players is one of the main goal for the future.
  - Give a good image of Go.
- c. Approval of the new status – annex 1
  - Majorité totale.

- Proposition par Brian Kleiner de les traduire en anglais.
- d. Sponsoring discussion
  - The sponsoring will be one of the top priority for the year to come. The goal is to construct a good documentation about Go in Switzerland, the projects we need the money for, how it will be used etc.
  - Armel-David Wolff point out that we could ask money of foundation, some give money (they do for chess at least, so why not Go ?)
- e. Make the rule of the "two tournaments" to get points at the Swiss Championship more flexible.
  - People who did not do 2 tournaments, but who are part of a committee, and who did invest their time for the Swiss Go world, can also be eligible to win points. The committee will take a look and can decide. The demand has to made before the Swiss Championship. At least one week.
    - i. Majorité (sans Armel)
- f. Add a restriction to the election of the representative
  - If somebody has enough points to be representative, but did not participate at the last Swiss Championship, then he cannot be eligible if he did not communicate why he is not here. Rule is rule but the committee can decide if the person in question had a good excuse.
    - i. Unanimity
- g. Proposition / Election of the next Swiss Championship place.
  - Geneva will do it, with the help of the SGA
- h. Swiss representatives for Youth Go, Students Go, Woman's Go and Pairgo championships in Europe and World
  - Pairgo : Roberto and Monique
  - Youth : under 20 we can look but not many young players
  - Students : send mail to see who wants to do it
- i. Coordination for a Swiss team at the European Congress

- Sandra, Benoit from Geneva, Lorenz, Stefan & Thomas from Zurich

## Election of the new committee

---

- a. Election of the committee
  - Flavien Aubelle – President
  - Lorenz Trippel – Secretary & Treasurer
  - Felicien Mazille – Vice President
  - Armel-David Wolff – Technical Commission
  - Marcel Schweizer – Public Relations
  - Hwang In-Seong – Official Teacher
- a. Majorité unanime.
- b. Election of the president
  - a. Unanime

## Free discussion
